

2012 Conference, Trade Show & ATCC

Arboriculture Australia™

Have you started making plans for Arboriculture Australia's 2012 annual conference? This is the largest education event dedicated to both the Urban Forest and Utilities in the Asia Pacific Region.

This year's event will be held in Hobart, starting with the Australia Tree Climbing Championship preliminary events on Friday 27th April and the masters on the 28th April. This event will be held in **Saint David's Park, Hobart**. Also this year Australia will once again host the Asia Pacific Tree Climbing Championship with the preliminary events being held on the 27th April with the Master's Challenge being held on 29th April 2012.

On Sunday 29th April, Arboriculture Australia will be presenting the 2 hour workshops which are always booked out, so get in early and don't be disappointed.

Sunday night will see the welcome reception. This will be held in a venue overlooking the river watching the yachts and boats travel along the Derwent River in a very relaxed environment. Be sure to sample some of Tasmania's fine food and beverages. Please remember this is included in the registration fee.

Monday 30th April will see the first full day session of the conference, both the Urban Foresters and Utility Arborists will be delighted with the conference rooms, maybe the best we have ever seen. With international and Australian presenter, the education offered will again be first class.

The traditional Annual Dinner will be held on Monday night, this is arboriculture's biggest networking session in the Asia Pacific region. Spend time with peers, friends and the speakers over a 3 course meal and a few beverages. The Dinner & Beverage Package is included in the registration fee.

Tuesday 1st May will see another day of intense education, with the evening set aside for delegates to enjoy some of the other venues around this unique city

A variety of delegate and partner tours will be available for those who would like to see a little more of what Hobart has to offer. All bookings will be organised directly via the Wrest Point Hotel, you will need to book direct with the concierge.

Conference Speakers 2012

Arboriculture Australia is very pleased to announce the speakers for the 2012 Conference and workshops to be held April 29, 30 May 1 2012.

As in the past two years we will run two streams of presentations, one for the Urban Forest and the second for Utility's above and below ground. The 2 conference rooms will be next to one another so delegates can quickly swoop to see their preferred presentation. This year there is 6 international plus 22 Australian speakers covering 36 presentations and workshops over 3 days.
